Valued Customer,

It is the Ateliers Bigata policy to respond in a timely fashion to every regulatory and quality inquiry presented by our current and prospective customers, in particular quality surveys. Ateliers Bigata receives daily requests for this information. Maintaining our customer service commitment in this area involves a significant amount of resources from our staff.

In an effort to expedite our response to our customers' requests, while at the same time remain efficient and competitive, we have developed our own standard supplier questionnaire. Our questionnaire contains most information that is generally requested in the MRO business from many sources.

I demand you in the most respectful way to kindly accept our questionnaire instead of your own form for the reasons presented above. Should you need additional information, please do not hesitate to contact me.

Thank you in advance for your comprehension.

Yours faithfully,
